INTERIM BRAND GUIDELINES
DECEMBER 2025

ICON & BRANDMARK

BRANDMARK

THE ICON

The Abdulla Al Arif Holdings (AAAH) ‘A icon’ is a fundamental element of the brand identity. It is composed of an arrowhead, symbolising clear direction, strong leadership, and a journey forward. The two primary blocks represent partnership, growth, stability, and strength. Together, these elements form the triple “A”, derived from the initials of the company name.

Consistent use of the icon across all brand collateral is essential to maintain brand integrity and ensure alignment with the guidelines outlined in this document.

BRANDMARK

PRIMARY LOGO (DUAL LANGUAGE)

The icon and wordmark combine with bold sans-serif typography, in both English and Arabic, to create a unified logo that is synonymous with AAAH.

The brandmark must be used to represent AAAH across all communications, whether external, internal, or with third parties. Preserving the integrity of the brandmark is paramount; it must never be recreated, altered, or modified in any way.

BRANDMARK

FORMATS

Wherever possible, the primary stacked logo should be used as the preferred format. To allow flexibility across different applications, the brandmark is available in multiple configurations, with and without the strapline.

The approved logo formats are:

- Arabic stacked logo
- English stacked logo
- Arabic horizontal logo
- English horizontal logo

These logo variations are supplied in multiple file formats, including AI, PDF, PNG, and JPG.

Brandmark

COLOUR USAGE

The brandmark is available in a range of colour variations, as shown on this page. These include the icon rendered in the AAAH gradient, as well as Light Teal, Dark Teal, Black, and White colourways. Together, these options provide the flexibility needed to apply the brandmark across a variety of background colours, as demonstrated on this page and throughout this document.

The logo must only be reproduced using the specified colour options, unless an approved special print finish is required, such as silver foil on business cards or folders.

All logo variations are supplied in multiple file formats, including AI, PDF, PNG, and JPG.

Brandmark

CLEAR SPACE

Maintaining appropriate clear space around the AAAH logo is essential for preserving the strength and clarity of the brand identity. By establishing a clear space rule, we ensure that the logo remains prominent and unaffected by surrounding elements that could dilute its impact.

The clear space should be equal to the height of the 'AAAH Icon' element icon within the logo, applied to all sides. This buffer prevents visual clutter and maintains the logo's visibility and recognition. Following this guideline guarantees that the logo stands out effectively and reinforces the brand's presence, contributing to a consistent and professional appearance across all applications.

COLOUR PALETTE

BRANDMARK

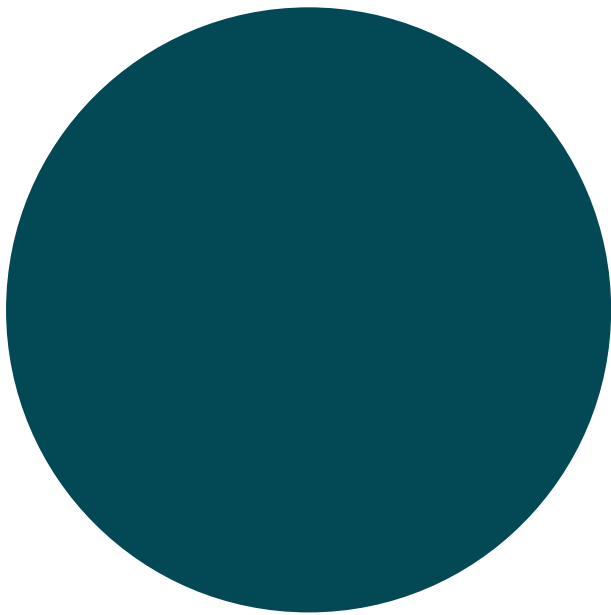

PRIMARY PALETTE

Colour is a vital component of our corporate identity, conveying our brand’s distinctive character. Consistent use of these core colours is essential for reinforcing our brand image across all communications and promotional materials.

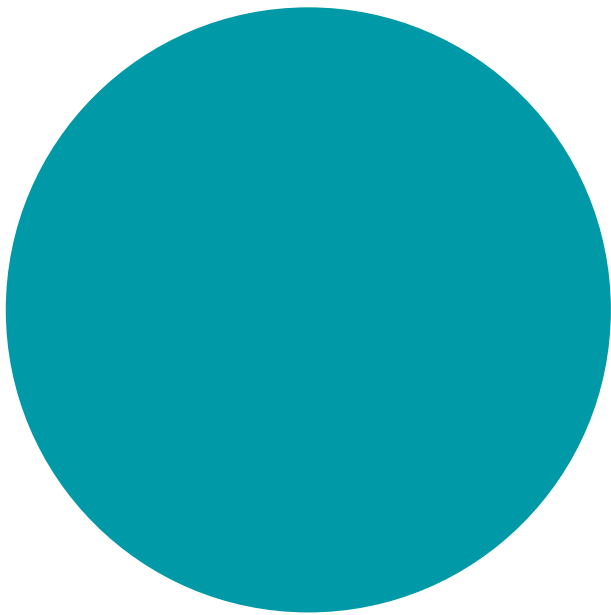

The colour breakdowns are provided on this page in Pantone (Print), CMYK (Print), RGB (Screen), and Hex (#) (Screen) formats.

Examples of colour application are illustrated throughout this document.

Note: The colours displayed in this PDF are for on-screen use only and may not match Pantone Colour Standards precisely.

BRAND FONTS

Typography

BRAND FONT

Typography is a key extension of our brand’s personality and plays a major role in creating a consistent look and feel across all communications and promotional materials.

Montserrat has been selected for its versatility and legibility. It offers a range of weights, some of which are displayed on this page, providing extensive design flexibility for all graphic communications.

The integrity of the font must be maintained at all times. It should not be vertically or horizontally scaled, nor should any strokes or other modifications be applied.

ARABIC FONT

GE SS has been chosen as the Arabic font due to its similarity to the primary English font, Montserrat. It was selected for its versatility and legibility. The font offers a range of weights, some of which are displayed on this page, providing extensive design flexibility for all graphic communications.

The integrity of the font must be maintained at all times. It should not be vertically or horizontally scaled, and no strokes or other modifications should be applied.
